COMMENT

Meeting Attended:

I was not able to attend a meeting

Important Issues:

Land Use (Agriculture, Residential, Recreation), Radio or Television Interference, Noise, Health and Safety, Biological Resources, Proximity to Residences

Property Uses:

Residential

Comment:

As property owners in the East Hatchet Ranch Home Owners Association, Inc. We are deeply concerned about the negative effect on our property values. In addition, the visual, health, and noise components of large power lines close to our residential sites would be detrimental. The route location of the power lines that makes the most sense and creates the least impact on East Hatchet Ranch Home Owners Association properties is 230 kV line corridor that will run just east of the railroad tracks. The line at that location is most acceptable to our family and to most other property owners of the Association.
